

## **Are You Following Me**

You know, I was talking to this girl the other day  
Are you following me?

Are you a following me lady  
Willing to be my baby  
You're giving me eye to eye  
Oh are you trying to say like a  
I wanna be your baby  
I wanna be yours tonight

Are you following me  
Are, are you a following me  
Are you, are you following me  
Are, are you a following me, are you  
Are you following me, get down  
Are you following me, baby don't you know  
Are you following me, move on  
Are you following me, girl get on the go

Well let's go far away  
Show me what you know  
My fantasies are real  
Whenever you are close  
Well baby I can feel  
That you'll go all the way  
do, do, do, do, do, do, do, do,  
do, do ah . .

Are you a following me  
Maybe I wanna be your baby  
I wanna be yours tonight

Far away, let's go far away  
do, do, do, do, do, do, do  
do, do, do, do, do, do, do, do

You know, I was talking to this same girl the other day

Are you following me  
Are, are you a following me, are you  
Are you following me  
Are, are you a following me, are you  
Are you following me  
Are, are you a following me, are you  
Are you following me  
Are, are you a following me, girl get on the go

Well let's go far away  
Show me what you know  
My fantasies are real  
Whenever you are close  
Well baby I can feel  
That you'll go all the way  
do, do, do, do, do, do, do, do,  
do, do ah . .
